Recommendation Dr. George Yan P. Eng.

I am writing this letter of recommendation for George Yan to be your next Business Consultant. For many years, George worked with our organization as our consultant. George was our only link to his organization and he was nothing but professional and respectful of his organization. George's advice as business consultant has allowed our organization to expand revenue and profits substantially over the past several years. His relentless determination and passion to business has helped us to implement changes to our policies that have made our organization more efficient, stronger and profitable.

We can assure you that, if you hire George as a business consultant, that he will provide the added leadership and know-how to support the achievement of your visions and goals.

George is dedicated to his customers and has spent many long hours in our office helping us to work out the details of complex business challenges and opportunities. Without his help, our organization would not have been able to grow so efficiently and effectively over the past many years.

I am confident that George's other clients would speak just as highly of him as I do. If you require any more information, please feel free to contact me at [905-432-3200](tel:905-432-3200) or email me at jeno.eppel@ehc-global.com.
